## Location

**Villa Platanias Beach Apartment Hotel** stands right on the wonderful **Platanias beach**. Platanias beach features a 4km long coastline, and is one of the most organized in Greece.

Platanias itself is a famous summer resort, one of the most well-known in Crete and Greece, with excellent infrastructure for visitors, especially couples and families travelling with children. Here you can find super markets, mini markets, shops, specialty stores, banks, pharmacies and everything else in between.

**Platanias**, apart from the crystal-clear waters of Platanias beach, also offers its guests a true hidden gem: the picturesque narrow lanes, beautiful flower gardens and breathtaking views of **Ano Platanias**, or Upper Platanias.

If you want – or, better, if you can – escape charming Platanias, you can use the very good public transport system, or a car, which you can easily and inexpensively rent in the area, to get to the magnificent nearby sights. Of these sights, the most famous is the superb **city of Chania** – considered by many the most beautiful city in Greece.

Chania city has been a cultural, political and financial center for centuries. From ancient Minoan years, to classical Greece, the Byzantine empire, the Venetian era, the Arabs, the Saracen pirates, the Ottoman empire, and modern Greece, the city of Chania has always played a major role in Cretan history – and Greek history in general.
